FRANCE MOTO

Road Trip

New in France

France moto Road Trip is a new Tour Operator specialized in discovering France by all-inclusive motorcycle packages. Organized road trips along the route sixty-six have been around for a long time in the USA yet they did not exist in France despite boasting a wealth of second-to-none tourist attractions. France Moto Road Trip now offers to take motorcycle enthusiasts on extraordinary journeys showcasing the gastronomy, culture and the most beautiful scenery of France.

The trips have been specially designed striking the right balance of must-do and must-see tourist attractions: the French Riviera, Champagne, the Châteaux de la Loire, the 3 coastlines: the Channel, the Atlantic and the Mediterranean, the Bordeaux wine country, La route Napoléon... and above all with the emphasis on small roads, character-packed destinations so that you too will love the best of what authentic France has to offer off the beaten track.

In limited groups of 6 to 10 bikers, the trips are organized on an all-inclusive basis of a week of 8 days/7nights starting from Paris or Nice. Meet and greet, transfers, recent bike rental, itinerary, accommodation, meals, fuel, discovery spots, support and luggage transportation, etc. All is included so that everyone can make the most of their stay in France.

France Moto Road Trip was founded by Marc Gignoux. Company Director, Business School Professor ... with a huge passion for motorcycles, travel and a fine connoisseur of French gastronomy. A good few years of research and reconnaissance went into coming up with these different routes..

The first trips hit the bitumen in May 2018 with average prices ranging from €2 912 (self-ride) to €3,990 (bike included) per week depending on the trip
